

Someone is missing at Christmas

Someone is missing at Christmas  
Someone I loved all my life  
Someone I played with and laughed all night long  
Someone I think of when I hear that song

Someone is missing at Christmas  
Someone has left me alone  
Someone so close even though we're apart  
Someone who'd finished the sentence I'd start

Someone whose love is my favorite gift  
Someone whose presence is my Christmas wish  
Someone who always was here  
Someone is missing this year

Candlelit snapshots of Christmases gone by  
You in your favorite chair  
Memories like snowflakes melt in my eyes  
I look and you're not sitting there

Someone whose love is my favorite gift  
Someone whose presence is my Christmas wish  
Someone is missing at Christmas  
Wait... someone is touching my heart...

Someone has heard me and answered my call  
Someone I love is not missing at all  
Someone is with me at Christmas  
Someone's right here in my heart  
Someone I love is with me this Christmas  
And will be each Christmas to come!
